

# *Maidstone Model Engineering Society*

Please make a note of the new number for our combination lock in use on the Willington Street gate to Mote Park on Sundays and during Friday Evening meetings. This number will be in use from 1st.March onwards so if you are attending the AGM, you will need the new number.

The new number will be :

1 9 4 9
---------

This number will remain in use for the whole of the season. Please make a note of it as this is the only time that you will be advised.

Please remember when you are using this entrance to the Park, if you open our lock, **YOU** are responsible for shutting it - do not assume that the driver of the car following will do it. If you find the gate has been left open by another group using another lock in the chain then leave the gate as you found it, never secure the chain with our lock in such a way as to prevent key holders of the other locks gaining access. It is the intention of Maidstone Council to fit several locks in the chain with each group in the Park holding a key to their own lock.

For any information about access to the Park, please contact the Secretary, Martin Parham on Maidstone 630298.
